Bill McDonald provided some of his thoughts on PAC's award policy (see attachment). Some comments from the board entailed awarding recipients based on the mission statement of the club. An idea presented was to spread out the awards over the course of the year. In addition to awards for intense contributions, special occasions, and cumulative efforts, to award recipients for volunteer hours at star parties. PAC secretary is currently collecting those volunteer hours.

Jeff updated the board on news at ERAU. The observatory site has ordered new piers and the bathroom is open in the adjoining building. He also asked about the new club calendar. The PAC Secretary has incorporated the calendar into the club website with help from Russ Chappell. Jeff asked about volunteers for the refreshment activity. Cory Shaw talked about upcoming club events. She indicated that new member and student Christopher Texler's birthday was on the same night as the Highlands Center Star Party. She also gave the location for members to have dinner with the speaker of the 3<sup>rd</sup> Thursday program (Pat Bledsoe). The club should have the new audio system in place for the speaker at the Prescott Library. Joel Cohen volunteered to video the talk. Cory also spoke about the upcoming NASA Space Grant talk to be held at the end of March. Additional events for the club include the August Solar Eclipse where members will work with a NASA balloon project, the Tucson Space Fest scheduled from June 8-11, and the GCSP June 17-24. There is a Field trip to the USGS in Flagstaff tentatively scheduled for April or May.

The Prescott Librarian wants to set up a solar program in association with the upcoming August eclipse and would like a volunteer from the club to help with their presentation on August 18-19. Adam English said he would volunteer to help the library with their program.

Jeff discussed the plans for the annual Christmas Party. The plan was to time the event with the same day as the December METASIG date which is December 13<sup>th</sup>. A couple options were mentioned by members.
