

## General Meeting Minutes for October 4, 2022

### Call to Order:

- Meeting called to order by President Art Arnold-Roksandich at 6:01 PM
- 31 in-person attendees at the Prescott Library and 7 online attendees at peak

### Welcome new members and guests:

- New members: Jack Evans; Returning members: 2
- The club now has 69 members!

### Featured speakers:

- Dr. David Williams, an astronomy professor and researcher at ASU, presented “*ASU Explores Our Solar System*”.

### Business Topics:

- Nominations:
  - The main business topics for our next club meeting will be the election of our club officers and directors for 2023 and the approval of our budget for 2023
  - We are still looking for nominations for treasurer
  - Doug Tilley and Susanne Vaughan have volunteered to be directors for next year

### Announcements:

- Upcoming events:
  - October 16: Members-only star party at Dave Covey’s house
    - Details will be sent out in an email to all club members
    - Parking may be limited
  - October 21: Community Star Party at the PV Library, 6:30 to 9:00 PM
    - This will be a major outreach event with maybe 100 people showing up
    - We need as many telescopes as possible
    - Art has prepared a list of objects to observe
    - We will also be showing off constellations, so we could also use volunteers without telescopes
  - December 7: Christmas Party
    - This will be a dinner at the Hassayampa Inn
    - Details to go out on our website soon
- Future club meetings:
  - We will no longer be using Zoom during our club meetings
  - Our presenters will primarily be in-person with only an occasional online presenter

### Closing:

- Our next general meeting will be on November 2, 2022, from 6:00 PM to 8:00 PM in the Founder’s Suite of the Prescott Public Library. Note that our meetings are back to being held on the first Wednesday of each month.
- Meeting adjourned at 7:37 PM
